WM-14-137

ENVIRONMENTAL ENGINEER/PHYSICAL SCIENTIST/LIFE SCIENTIST
GS-0819/1301/0401-13

POSITION SUMMARY:

As a Senior Enforcement Officer/Inspector you will:

- Conduct inspections and investigations of regulated facilities for compliance with applicable regulations, permits, or other federal requirements;
- Provide technical advice and information on significant analytical methods, sampling techniques, etc., related to specific program areas, functions, or activities;
- Serve as a technical expert in the development, negotiation and litigation of both civil and criminal enforcement matters;
- Plan, conduct and provide regulatory technical assistance on complex field sampling and analytical services, facility inspections and audits;
- Provide assistance to regional personnel, other federal, state, local agencies, tribes, industry representatives, and concerned public citizens on technical aspects of EPA laws and regulations.

MAJOR DUTIES AND RESPONSIBILITIES:

DUTY 1 25%

Conduct inspections and investigations of regulated facilities for compliance with applicable regulations, permits, or other federal requirements. Plan, conduct and provide technical expertise to extremely complex, single or multi-media, field sampling and analytical activities, facility inspections and audits, scientific programs and compliance assistance activities. Oversee or personally perform pre- and post-inspection duties such as gathering and evaluating information, reviewing facility records, and developing appropriate inspection plans in accordance with agency program policies and procedures. Plan, design and implement short- and long-term improvements to existing and proposed facilities. Prepare comprehensive reports documenting inspection findings, site observations, evidence collected, as well as the nature and extent of any non-compliance. Enter and track data through EPA's national and regional information systems in accordance with agency protocol. Target facilities or regulatory sectors for inspection and other enforcement related activities. Explore, evaluate, test and incorporate new applications and advances in technology resulting in improvements to the agency's plans for facilities. Determine whether facilities are in compliance with federal laws and regulations.

DUTY 2 25%

Provide technical advice and information on significant analytical methods, sampling techniques, etc., related to specific program areas, functions, or activities. Provide expert advice as to the adequacy and accuracy of data, and processes and provide technical assistance where applicable. On behalf of the region, review and provide comments on new or revised program guidance, policy, and regulations to regional and headquarters decision makers that influence current and future enforcement programs within the agency. Prepare documents, briefing materials, and draft Federal Register notices to support proposed agency actions or decisions. Serve as authoritative consultant to state, local, or tribal officials, evaluate the effectiveness of program plans, and oversee the development of training.

DUTY 3 20%

Serve as a technical expert in the development, negotiation and litigation of both civil and criminal enforcement matters. Oversee preparation or personally prepare investigatory letters, notices of violation, position papers or other documents related to enforcement cases. Provide advice and leadership in settlement negotiations and represent the region on technically complex policy issues to corporate officers and representatives. Act as technical expert in civil settlement and litigation proceedings. Work with regional attorneys on enforcement actions, providing expert analysis and technical data for inclusion in administrative orders or consent decrees. Present expert oral or written testimony during public hearings, evidentiary hearings, court trials, and depositions.

DUTY 4 20%

Plan, conduct and provide regulatory technical assistance on complex field sampling and analytical services, facility inspections and audits. Oversee or personally plan, conduct and/or provide technical assistance to technically complex field sampling and analytical services, facility inspections or audits, and/or monitoring support for complex scientific programs/activities. Provide expert advice and leadership to state local, and/or tribal inspectors and enforcement officers on critically important and technically complex investigation/inspection activities and plans for EPA oversight of inspections. Observe and evaluate state, local, or tribal inspectors and review inspection reports. Explain, interpret and promulgate agency decisions and determinations. Lead mid-year and end-of-year program evaluations.

DUTY 5 10%

Provide assistance to regional personnel, other federal, state, local agencies, tribes, industry representatives, and concerned public citizens on technical aspects of EPA laws and regulations. Advise on, oversee, and direct the agency's planning and programmatic requirements for the inspection and investigation of regulated facilities. Provide regional expertise through advisory services and policy guidance on complex regulatory and enforcement issues. Review, analyze and modify plans, programs and implementing policies and guidance developed by state, local, or tribal governments to implement various provisions of state or federal environmental programs. Oversee the development of or personally develop studies, analyze data, and prepare reports regarding state, local and tribal implementation of environmental protection programs. Disseminate scientific and technical information through oral briefings, written documents, workshops, conferences, seminars and/or public hearings often including concerned citizens from low-income and underserved communities. Serves as regional spokesperson and performs extensive public speaking at meetings and forums with regulated entities and the public.

Area of expertise or other related information:

RECRUITMENT KNOWLEDGES, SKILLS, AND ABILITIES (KSAs):

- 1) Skill in conducting field inspections, gathering evidence, and initiating enforcement actions;
- 2) Skill in written communication;

- 3) Knowledge of EPA laws, regulations, policies, and practices related to enforcement and compliance activities;
 - 4) Ability to plan, conduct and provide technical assistance to complex field sampling for inspections or audits;
 - 5) Skill in oral communication.
-

FACTOR LEVEL DESCRIPTIONS:

Factor 1 - Knowledge Required by the Position Level 1-8 (1550 points)

Mastery knowledge and skill in applying advanced theories, concepts, and principles of professional engineering, physical science or biological science sufficient to serve as a senior expert involving extremely complex work for which technical problems, methods, and/or data are incomplete, controversial, or uncertain.

Knowledge of a wide range of engineering, physical and/or biological science principles, and methods applicable to varied and complex problems, projects, or studies that include diverse environmental conditions; and varying environmental processes. Problems encountered demand skill sufficient to modify standard practices, adapt precedents, and make significant departures from existing approaches and techniques.

Expert knowledge of applicable environmental laws, regulations, statutes, enforcement/compliance policies and guidelines sufficient to serve as an authoritative consultant providing oversight, direction, and advisory services for the agency's enforcement program and conduct of technically complex inspections to ensure compliance with federal requirements, and advise on the need to devise new approaches, standards, and policies for enforcement.

Ability to modify standard practices, adapt precedents or establishes precedent by applying the latest technical developments to resolve problems for which accepted methods are not directly applicable and to review plans, designs, and specifications (prepared by others) for the improvement or alteration of existing facilities or the eventual construction of new facilities.

Factor 2 - Supervisory Controls Level 2-4 (450 points)

The supervisor establishes overall objectives and resources available. The supervisor and incumbent jointly develop projects, priorities and deadlines. The incumbent independently plans and carries out assignments, interprets policy, coordinates work with others, resolves most of the conflicts that arise and keeps the supervisor informed of far-reaching implications. Completed work is reviewed from an overall standpoint in terms of feasibility and effectiveness in meeting requirements.

Factor 3 - Guidelines Level 3-4 (450 points)

Technical, regulatory and policy guidelines are often broad and nonspecific. The incumbent uses resourcefulness and perception based on experienced judgment, to adapt or interpret general guidelines, to deviate from or extend traditional practices, methods, and techniques or to resolve situations where precedents are not available or not applicable. Judgment and originality are required to (a) correlate theoretical considerations of complex industrial issues, and (b) plan and initiate enforcement actions.

Factor 4 - Complexity Level 4-5 (325 points)

Work assignments consist of a variety of duties involving non-conventional and complex industrial facilities, often with limited data available as to the type and extent of human threat and environmental contamination. This typically involves resolution of controversial, critical and highly unusual engineering/science problems with potential to harm public health and the environment. Technical considerations involve the measurement and control of pollutants, and contain a combination of many complex features where issues and factors to be considered involve major areas of uncertainty in approach and methodology or interpretation and require judgment, creativity, and resourcefulness to correlate theoretical considerations in related engineering or science disciplines and devise, advise on, and negotiate engineering or scientific compromises. The inspection and enforcement processes are also complicated by interaction with state and local political officials and agencies on precedent-setting issues and application of the latest technological advancements resulting in presence of television and print media, and various community and special interest groups. Proposed solutions have highly visible political consequences. The employee serves as technical advisor in determining new approaches to difficult and extremely complex technical problems.

Factor 5 - Scope and Effect Level 5-5 (325 points)

The purpose of the position is to provide regional expertise and advice on the investigation, analysis, review, and application of new or revised methods for resolving technically difficult and controversial engineering and/or scientific problems or conditions. The employee provides expert advice to state, local, or tribal officials, industries, and EPA management on

potential impacts of toxic substances and other contaminants, alternative control technologies, and proper interpretation of EPA policies and guidelines. Interpretations and recommendations of the employee directly affect other national programs, and further development and/or refinement of EPA policy through clarification or revision, and the integrity and adequacy of processes or facilities in large metropolitan areas and/or adjacent rural and urban communities affecting quality of life, public safety, and protection of the environment, and generate interest from federal, state, local officials, environmental groups, and citizens from low-income and underserved communities. Work results also affect the acceptance and understanding of the role, policy, and regulations of the agency and its regional offices.

Factors 6/7 - Personal Contacts/Purpose of Contacts Levels 3c (180 points)

Personal contacts include a wide range of professional and administrative personnel throughout the agency, at other federal agencies, in state and local governments, tribes, private industry, academia, environmental advocacy groups, public citizens (often from low-income and underserved communities), and in some cases the media and elected officials. The purpose of contacts is to influence or negotiate with others who may be skeptical or uncooperative or whose interests differ from those of the program represented. Issues to be resolved are sensitive or controversial. Contacts are also undertaken to plan, coordinate, or advise on work efforts or resolve operating problems in dealings with others who are working toward mutual goals.

Factor 8 - Physical Demands Level 8-2 (20 points)

The work requires considerable walking, climbing, stooping, bending, and vision and hearing acuity during site inspections. The position requires the use of personal protective equipment such as hard hat, safety glasses, steel-tipped work boots, coveralls, and respirator. During inspections, the employees may be required to carry equipment weighing up to 50 pounds or more.

Factor 9 - Work Environment Level 9-2 (20 points)

Work is both in an office and in remote field settings. While on site in the field, the employee may be exposed to unfavorable weather conditions and rough terrain. The work may involve regular and recurring exposure to moderate risks or discomforts that require special safety precautions, particularly where there is risk of exposure to toxic substances or other pollutants.

TOTAL POINTS: 3320

GS-13 Grade Range: 3155-3600

Position Risk Designation: XXX

Extramural Resources Management Duties Checklist

This checklist must be used with all PDs to identify the percentage of time an employee is engaged in duties related to managing contracts, grants, cooperative agreements, and interagency agreements. For positions requiring performance of these duties for 25% or more of the employee's time, in addition to this checklist, such duties must also be described in the body (major duties area) of the PD.

Employee Information	Percentage of Time Spent on Extramural Resources Management
Name (b) (6)	<input type="checkbox"/> This position has no extramural resources management responsibilities.
Position Number _____	<input checked="" type="checkbox"/> Total extramural resources management duties occupy less than 25% of time.
Title <u>Environmental Engineer</u>	<input type="checkbox"/> Total extramural resources management duties occupy 25% to 50% of time. These duties are indicated below and described in the position description.
Series/Grade <u>GS-0819-13</u>	<input type="checkbox"/> Total extramural resources management duties occupy more than 50% of time. These duties are indicated below and described in the position description.

When this checklist is used as an amendment to a position description, the following signatures are required:

Supervisor's Signature (b) (6)

Personnel Specialist's Signature Kim Gunn

Date 10/2/14

Part 1. Contracts Management Duties

Pre-award:

- ☐ Plans Procurements
- ☐ Estimates Costs
- ☐ Obtains funding commitments
- ☐ Prepares procurement requests
- ☒ Writes statements of work
- ☒ Reviews statements of work
- ☐ Processes unsolicited proposals
- ☐ Responds to pre-award inquiries
- ☐ Participates in pre-award conferences
- ☐ Conducts technical evaluation of proposals
- ☐ Participates in debriefing/protests
- ☐ Other (lists) _____

- ☐ Monitors management and performance of delivery orders/work assignments after award
- ☐ Defines scope of work for work assignments
- ☐ Approves payment requests of ACH drawdowns
- ☐ Manages cost-reimbursement contracts
- ☐ Reviews invoices
- ☒ Inspects and accepts deliverables
- ☐ Other (list) _____

Close-out:

- ☐ Writes reports on contractor performance, costs and tasks performed
- ☐ Reconciles payments with work performance
- ☐ Closes-out payments
- ☐ Performs cost accounting
- ☐ Provides assistance to Contracting Officer in settling claims
- ☐ Other (list) _____

Post-award:

- ☐ Prepares delivery orders
- ☐ Reviews contractor work plans
- ☒ Reviews contractor progress reports
- ☐ Monitors government-furnished property
- ☐ Monitors cost management, and overall technical performance of contract after award

Percentage of Time Spent on Contracts Management

2 %

Continued

Part 2. Grants/Cooperative Agreements Duties

Pre-application/Application:

- ☐ Pre pares solicitation for proposals
- ☐ Identifies potential grantees for area of program emphasis
- ☐ Makes initial determinations (whether project is procurement or assistance, whether agency has legal authority, whether applicant is eligible, whether funding is available, etc.)
- ☐ Provides administrative information to applicants
- ☐ Determines appropriateness of applicant's workplan/activities/budget and compliance with regulations and guidelines and negotiates changes with applicant

- ☒ Assists applicant in resolving issues in application
- ☐ For cooperative agreement, determines substantial Federal involvement and develops a condition for agreement
- ☒ Negotiates level of funding
- ☒ Conducts site visits to evaluate program capability
- ☐ Serves as resource to Selection Panel
- ☐ Informs applicants of funding decisions
- ☐ Other (list)

Award:

- ☐ Prepares funding package, including Decision Memorandum
- ☐ Obtains concurrences/approvals
- ☐ Reviews/concurs in completed document
- ☐ Establishes project file
- ☐ Other (list)

Project Management/Administration:

- ☒ Monitors recipient's activities and progress
- ☒ Reviews reports and deliverables and notifies recipient of comments
- ☐ Provides technical assistance to recipients

☒ Advises Grants Management Office of potential problems/issues

☐ Participates in decisions/actions to ensure successful project completion and in decisions to impose sanctions

☐ Approves payments requests or ACH drawdowns

☐ Reviews requests for modifications additional funding, etc., and makes recommendations to Grants Management Office

☐ Negotiates amendments

☐ Reviews Cost/Price/Analysis for recipient contracts/change orders (Superfund only)

☐ When necessary, recommends termination of the agreement

☐ Resolves with Grants Management Office administrative and financial issues

☐ Conducts periodic reviews to ensure compliance with agreement

☐ Other (list)

Close-out:

☐ Certifies deliverables were satisfactory and timely

☐ Provides assistance to recipients and Grants Management Office to ensure timely close-out

☐ Reconciles payment with work performed

☐ Notifies recipient of close-out requirements

☐ Obtains legal assistance if necessary to resolve incomplete close-out

☐ If project is audited, responds to issues and ensures recipient complies with audit recommendations

☐ Other (list)

Percentage of Time Spent on Grants/Cooperative Agreements Management

2 %

Part 3. Interagency Agreements Duties

Pre-Agreement:

- ☒ Plans and negotiates work effort
- ☐ Estimates costs
- ☐ Obtains funding commitments
- ☐ Prepares commitment notice
- ☐ Writes or reviews scope of work
- ☒ Responds to pre-agreement inquiries
- ☒ Participates in pre-agreement conferences
- ☐ Coordinates with appropriate staff in developing Independent Government Cost Estimates (IGEs)
- ☐ Negotiates and ensures execution of Superfund State Contracts (Superfund only)
- ☐ Performs technical evaluation of work plan and budget
- ☐ Prepares funding package and obtains necessary concurrences
- ☐ Other (list)

Project Management/Administration:

- ☒ Reviews progress reports/financial reports

☒ Monitors cost management and overall technical performance

☐ Participates in decisions about project modification/termination

☐ Conducts periodic review of Superfund State

☐ Contracts payments receipts (Superfund only)

☒ Inspects and accepts deliverables

☐ Other (list)

Close-out:

☒ Reviews final report

☐ Decides on disbursement of equipment

☐ Reconciles payments with work performed

☐ Reviews Superfund State Contracts to ensure full reimbursement (Superfund only)

☐ Certifies deliverables

☐ Resolves close-out issues with Grants Management Office/other agency

☐ Other (list)

Percentage of Time Spent on Interagency Agreements Management:

2 %

ENVIRONMENTAL PROTECTION AGENCY
Washington, DC 20460

Position Risk Designation Checklist

AAship/Region: Region 4 Type of Action: Reassignment SF 52 Request No.: WM-14-137

Position Title/Series/Grade: Environmental Engineer/GS-0819-13

Full Performance Level (FPL) of Position: GS-13

(Risk designation is based on FPL)

Functional Title (if applicable): _____

(Position's primary function, e.g., official position title may be Life Scientist, but function may be Permit Writer)

Funding: A fingerprint check and, if needed, a background investigation will be funded through your Working Capital Fund (WCF) Service Agreement. Please provide the Service Agreement No.: 14BY04A0013. (Your Service Agreement Account Owner can help you with this.) **Please Note:** This SF 52 action will not be processed unless the service agreement number is provided.

DIRECTIONS: Hiring officials or supervisors must complete this form for all personnel actions (appointments, details, promotions, reassignments, recruitments) involving a change in position description exceeding 180 days. The completed form will help the Personnel Security Branch (PSB) determine the position's appropriate risk level. This form must be submitted with the SF 52 package. Answer all "Yes/No" questions based on the FPL position description. Where explanations are requested, attach additional pages, as needed. If you have questions, please contact your local HR representative or service center.

1. Has the risk level of this position already been designated at the full performance level? ☐ Yes ☐ No
What is the name of the incumbent of the above position? _____

If you answered "Yes" to question 1, please skip all remaining questions, print pages 1-2, and sign and date the form.

2. Is the position one of the following predesignated positions? ☒ Yes ☐ No

If "Yes," please indicate the position below, answer question 3, skip remaining questions, print pages 1-2, and sign/date the form.

NOTE: Unless otherwise specified, these predesignations are effective up to and including Grade 13. Grade 14 and 15 positions must be individually designated, requiring the completion of questions 3 through 18.
